PRESIDENT AND GENERAL MANAGER REPORT

Dear Alliance Française de Sydney Community,

It is a pleasure to share the highlights of another outstanding year for the AFS. In 2024, AFS reaffirmed its place as Australia's leading French language institution and strengthened its role within the global network of 829 Alliances Françaises.

With over **6,000 enrolments** and **116,545 hours of French taught**, we continued to build on the success of 2023. In the Asia-Oceania region, we proudly stand alongside key centres in Hong Kong, New Delhi, and Mumbai.

Our impact extended well beyond the classroom. AFS ranked **second in Asia-Oceania for cultural event attendance**, a reflection of the strength and diversity of our cultural programming. Over the year, we organised **36 events**, including workshops, exhibitions, competitions, and much-loved gatherings such as the Philo Bistro and Book Club.

A major highlight was the 35th Alliance Française French Film Festival—the largest French film Festival outside of France. The Sydney screenings drew **56,595 attendees across 1,476 sessions**, contributing to a national total of of **188,333 attendees**, the **second-highest attendance** on record.

These achievements are the result of the dedication of our exceptional team, the generosity of our sponsors, the commitment of our volunteers, and the enthusiasm of our students and members.

Thank you for your continued support, trust, and passion for French language and culture.

Your involvement makes all the difference.

Merci for being an essential part of our journey.

EXHIBITIONS

LE MONDE SANS FIN

The AFS, in partnership with FANS (the French-speaking Association of the North Shore) and the Lycée Condorcet (The International French School of Sydney) organised an immersive touring exhibition on climate issues: 'Le monde sans fin', which ran from October to January.

Initiated by the Institut Français and inspired by the successful comic strip by Jean-Marc Jancovici and Christophe Blain, this exhibition traces the history of our relationship with energy, from the industrial era to the present day. It also presents practical solutions for building a more sustainable future, focusing on renewable energy, food, transport, and urban planning.

At the same time, we had the great pleasure of welcoming Christophe Blain, co-writer of the bande dessinée, for a special evening of talks on the creative process and the history of comics.

BASTILLE DAY

Our 2024 Bastille Day celebration was an extraordinary success, with over 900 tickets sold for the evening. The exciting programme featured live entertainment, thrilling Cancon performances, and vibrant French beats spun by DJ Loo-e, keeping the crowd dancing all night.

Guests indulged in a variety of French delights, including crêpes, saucisson, cheese, and pastries, creating a truly festive atmosphere.

The event also featured an exciting raffle with 800 tickets sold and 26 fantastic prizes up for grabs. The evening was a wonderful celebration of French popular culture.

PHILO BISTRO

Julia Zemiro & Olivier Vojetta

Barbara Santich & Olivier Vojetta

2024 has been another exceptional year for Philo Bistro, where philosophy, culture, and good company thrived.

From exploring AI's impact on the meaning of life to engaging with figures like Barbara Santich and rising star Nathalie Morris, our events sparked thought-provoking discussions.

We were also honoured to host online Simon Fieschi, who shared his powerful insights on life after the *Charlie Hebdo* tragedy, and Nicolas Pagnol, who brought the legacy of his grandfather, Marcel Pagnol, to life.

Julia Zemiro, the French-born Australian television presenter, comedian, and actor, added her own unique perspective, sparking lively conversation and laughter.

Nelly Duret & Olivier Vojetta

FRANJO

The event organised by the Australian Alliance Françaises in 2024 was a resounding success, drawing in 500 enthusiastic spectators in Sydney.

Franjo's stand-up show, an exclusive hour of finely crafted jokes, delighted the audience with his ironic take on everything from his ex to Melun and broader societal topics.

The evening was thoroughly enjoyed by all, and it was a fantastic success for our network.

In 2024, AFS had the honour of welcoming two key figures from the Fondation des Alliances Françaises: Marc Cerdan, General Secretary, and Jean-François Hans, Geographic Delegate for Asia-Oceania. This was their first visit to Australia, and it was a significant occasion for our institution.

On Thursday 21 March, Marc and Jean-François attended the Taste of France evening, part of the Alliance Française French Film Festival 2024, held at Palace Norton. The event was an integral part of Francophonie Week, and Marc Cerdan opened the evening by sharing insights into the important role and mission of the Alliance Française network globally, highlighting the cultural and educational impact it has in promoting the French language worldwide.

The following day, Marc and Jean-François toured the AFS premises, engaging with staff and meeting with the Board of Directors. This was an excellent opportunity to reflect on the positive results of our work in 2024, as well as to discuss key topics related to the missions and values of the Alliance Française network. They also explored the significant role that AFS plays in fostering cultural exchange in Australia and the wider Asia-Oceania region.

Their visit was an invaluable opportunity for collaboration and provided an inspiring platform for future initiatives within the network. We look forward to continuing our shared commitment to advancing the objectives of the Alliance Française movement.

AN OLYMPIC YEAR

We launched a special Paris 2024 Olympic Games programme, offering a "French for Travellers – Olympic Games" course and a dedicated blog to engage the community.

We also created interactive Escape Games to help children learn French through the discovery of Olympic sports.

Additionally, we partnered with the French Consulate to promote the Paris 2024 Games in Sydney, organising sports activities in schools, a parade through the city, and a celebration at Darling Harbour and the Opera House.

Maureen Kearney

Her Excellency the Honourable Margaret Beazley
AC KC, Governor of New South Wales

Marc Cerdan

This year, the Alliance Française French Film Festival (AFFFF) proudly celebrated its 35th anniversary with a stellar line-up, featuring 42 captivating films and 5,545 screenings across 15 locations and 32 cinemas. Running over four weeks, followed by an exciting Encore Week, we filled an impressive 188,333 seats in 2024 – a remarkable 7% increase compared to 2023.

In the spirit of celebration, we revisited timeless classics such as *The Intouchables* and *Children of Paradise*, while the double feature of *The Three Musketeers: D'Artagnan and Milady* delivered a grand cinematic adventure. In Sydney alone, we organised more than 30 special events over the five-week period, alongside over 40 school screenings, bringing French culture and cinema to students across New South Wales.

This year also marked the creation of a new national entity, bringing together six long-standing partners – the Alliances Françaises of Adelaide, Brisbane, Canberra, Melbourne, Perth and Sydney – to establish a dedicated organisation responsible for delivering the Festival across the country. While Karine Mauris, the Cultural attaché continued to curate the line-up with passion and dedication, Frédéric Alliod, newly appointed by the French Embassy, was named CEO of the new entity.

The Festival proudly maintained its position as the world's leading French film Festival outside France, and Australia's foremost film Festival.

We extend our heartfelt thanks to the Festival team, both in Sydney and at the national level, whose tireless efforts were instrumental to the Festival's success; as well as to the dedicated teams at each capital city's Alliance Française, the Embassy of France to Australia, Palace Cinemas, the Hayden Orpheum Picture Palace, Roseville Cinemas, and Riverside Theatres Parramatta.

STAFF COMPOSITION

SPOTLIGHT ON PEOPLE & CULTURE INITIATIVES

In 2024, members of the Finance, Audit and Risk Committee worked alongside the General Manager in responding to the Australian Government's workplace law reform agenda and, more broadly, conducting a People and Culture review.

This work included:

- enhancements to the organisation's approach to sexual harassment and sex-based harassment in light of the new positive duty to eliminate sexual harassment in the workplace. Initiatives included an updated policy, staff training and the placing of posters in classrooms promoting our strong position on sexual harassment and unacceptable behaviour more broadly.
- selection and appointment of an Employee Assistance Program (EAP) provider (MindFit).
- a review of all workplace policies (conducted with Peninsula – external HR advisor).
- a detailed review of relevant industrial award application and pay for both casual and permanent staff.
- enhancements to the employee performance review process.

An exciting development in late 2024 was the launch of an annual Employee Engagement survey. Such an exercise offers an opportunity to check-in on our employees' level of engagement, satisfaction and wellbeing. It is designed to help the Board and management team uncover important trends and help inform the employee experience. The first survey results form an important baseline for tracking progress over time.

SOME KEY FINDINGS FROM THIS INITIAL SURVEY WERE AS FOLLOWS:

73%
response rate

93.1% of staff believe AFS values are clearly defined.

86% of staff feel that AFS cares about the health and safety of its employees at work.

93.1% of staff report receiving regular feedback on student satisfaction.

82.8% of staff would recommend AFS as a great place to work.

ENVIRONMENTAL SUSTAINABILITY

As part of our ongoing dedication to sustainability, we have taken proactive steps to reduce our environmental footprint and promote responsible practices within our organisation.

Below are some of the key actions we have implemented to support our commitment to the environment:

- Replacement of all lighting with energy-efficient LED bulbs to reduce energy consumption.
- A target of 30% of our electricity to be sourced from renewable (green) energy providers.
- An ongoing recycling program for paper and cardboard across all departments.
- Adoption of an environmental policy to guide and support sustainable practices across the organisation.

We do not have significant negative environmental impact given the nature of our business. However, we have sought to establish a baseline for our status and footprint (see for example our travel footprint below) and will look to identify opportunities for improvement.
